

793D MineCool Cooler Range

- MineCool's industry leading range of Heat Exchangers are all manufactured to OES (Original Equipment Standards) and are a direct fit replacement to the original equipment.
- Minecool manufacturers Aftercoolers with redesigned Heavy Duty Manifolds and high-performance Cores for reliability.
- Tube & Shell bundle Oil Coolers are available for Transmission, Torque Converters, and Brakes & Engines, manufactured with high grade Copper and Copper Alloys.
- MineCool's all vacuum brazed Hydraulic Oil Coolers are built for high strength and great mechanical heat transfer capabilities.

INVENTORY CODE	INVENTORY DESCRIPTION	OEM PART NUMBER
MC10061	COOLER ENGINE OIL TUBE & SHELL CAT 789C 793B 793D	100-8008
MC10066	COOLER STEERING OIL TUBE & SHELL CAT 793D 793F	199-6683
MC10079	COOLER ENGINE OIL TUBE & SHELL CAT 793C 793D	332-7331
MC11004	COOLER ENGINE / TRANSMISSION OIL TUBE & SHELL CAT 793C 793D	243-5773
MC3005	CORE RADIATOR MODULAR CAT 793D TOP NARROW (AMR)	387-4371
MC3006	CORE RADIATOR MODULAR CAT 793D BOTTOM NARROW (AMR)	387-4372
MC3007	CORE RADIATOR MODULAR CAT 793D TOP WIDE (AMR)	387-4378
MC3008	CORE RADIATOR MODULAR CAT 793D BOTTOM WIDE (AMR)	387-4379
MC60064CU	COOLER HYDRAULIC OIL REAR AXLE OIL CAT 793D 793F 797B	209-7824

Why MineCool?

Australia's quality alternative for **aftermarket components** that offers market leading **reliability, performance and value.**

FIT FOR PURPOSE

MineCool components are engineered to keep your assets running for longer.

BUILT TO LAST

Our products are stronger and more robust, built to meet or exceed OEM outcomes.

UNMATCHED CONVENIENCE

We offer the best product availability and speed to market in the industry.

DEPENDABLE QUALITY

Our products are proven to perform.
